QUALIFICATIONS OF TEACHERS AND SALARY SCHEDULES

(Extract from Rules)

RULE 36—PRINCIPALS. (a) Salaries of principals shall be as follows:

Principals of grade buildings shall receive as a basic salary the maximum salary given to grade teachers for the current year. To this basic salary shall be added $35.00 for each room in the building. When a building is organized departmentally, the number of rooms under this rule shall be determined by dividing the number of pupils enrolled during the first three weeks by thirty-six.

(b) Manual training rooms (shops and kitchens) shall count as regular rooms in determining principals' salaries, provided these rooms are used 25 hours a week, including parochial classes and classes for exceptional children, but not including evening classes. If any manual training room is used less than 25 hours a week, the principal shall receive such proportion of $35.00 for that room as the number of hours that room is used per week is of 25.

(c) Rule 36 (a) and (b) shall not apply to the salaries of the principals of the following schools: Central High, Union, Junior High, South High, Burton, Blodgett, Oral School for the Deaf, South Ionia, Auxiliary School for Exceptional Children, or any special school.

RULE 37. GRADE TEACHERS. (a) No person not now employed as a teacher in the Grand Rapids, Michigan, public schools, shall hereafter be eligible to appointment as a teacher in grades one to eight, inclusive, unless a graduate of, first, a Michigan State Normal School, or a Normal School of equal rank with a Michigan State Normal School, on a life certificate course; second, or unless a graduate of the University of Michigan, or of a college of equal rank with the University of Michigan, on a four years' course; third, or the holder of a life certificate from the State Board of Education.

No person not now employed as a kindergarten teacher shall hereafter be eligible to appointment as a kindergarten teacher unless a graduate of a twelve grade high school and of a regular kindergarten training school having a two years' course.

(b) In these grades specified in Rule 37 (a) no credit as for experience shall be given for

two years of normal work. Normal school graduates on a three years' course who have received the degree B. Pd. may be credited one year as for experience after one year of successful teaching experience. The educational committee may give to graduates of a college holding an academic degree two years' credit as for experience after one year of successful teaching experience.

RULE 38—SCHEDULE OF GRADE SALARIES. (a) Salaries shall be paid monthly in accordance with the following schedule. Teachers who have been successful in any class may be promoted to the next higher class upon recommendation of the educational committee when approved by the board of education. This schedule applies also to manual training teachers of sewing and knife work.

(b) Experience outside of Grand Rapids shall be credited as the educational committee may determine in each case.

100 to 124 inclusive	200.00
125 to 149 inclusive	250.00
150 and over	300.00

(d) Teachers of home economics, after one year's successful experience in Grand Rapids, may be given $50.00 a year additional compensation above the salaries provided for in Schedule 38 (a). However, the additional salary shall be given only upon the recommendation of the superintendent of schools each year, in each case when approved by the board of education.

(e) Teachers of ungraded rooms shall re-

ceive each year $50.00 more than the salaries provided for in the above schedule 38 (a).

(f) The salaries of teachers in the South Ionia school, Oral School for the Deaf, and Auxiliary Classes for Exceptional Children shall be fixed by the educational committee, when approved by the board of education.

(g) Kindergarten assistants shall be paid in accordance with the following schedule of salaries:

Class I	$800.00
Class II	850.00
Class III	900.00

Class VIII	1,700.00

Promotion of teachers from class to class shall be made in accordance with Rule 38 (a).

(b) Session Room Teachers. The basic salary of session room teachers shall be determined from schedule of salaries in Rule 39 (a); to this basic salary shall be added the following sums, according to the net enrollment for the first three weeks of each semester:

25 to 49 inclusive	$ 50.00
50 to 74 inclusive	100.00
75 to 99 inclusive	150.00
100 to 124 inclusive	200.00
125 to 149 inclusive	250.00
150 to 174 inclusive	300.00
175 and over	350.00

(c) Departments may be created in the high schools by the board of education, and the heads of these departments will receive the following salaries:

First year	$1,800.00
Second year	1,900.00
Third year	2,000.00

Whenever a teacher who does not receive the maximum salary for the current year determined by Rule 39 (a) is made head of a department, the salary shall be $100.00 additional each year to the amount determined by said rule, until the salary shall come under Rule 39 (c).

(d) A teacher not now employed in the high schools, to be eligible to employment hereafter, must be a graduate of a four years' course from a college authorized to confer the usual degrees, and must have had at least one year of successful experience in a secondary school or a school of lower grade, provided this rule shall not apply to special teachers, meaning teachers of other than academic subjects.

Experience outside of Grand Rapids may be credited as the educational committee may determine in each case.

(e) Special teachers in the high schools may be placed under the regular schedule of salaries of high school class room teachers.

(f) Teachers of Latin in the seventh and eighth grades must have the same qualifications for appointment as high school teachers, and will be paid in accordance with the schedule of high school salaries.

RULE 40—EXPERIENCE. (a) Teachers entering the Grand Rapids schools after a part of the school year has passed will, if such teachers are reappointed for the following year, receive an additional year's credit for experience in the Grand Rapids schools, provided they have taught in said schools half a school year or more; but if they have taught less than half a school year, they shall receive no additional credit therefor.

(b) Whenever, in the judgment of the educational committee, a teacher's work does not warrant allowing credit for the preceding year's experience, it may refuse to credit such experience.

(c) Increase of salary of any teachers or other employe under yearly contract shall be given effect at no other time than the beginning of the school year, unless a change of position warrants such an increase.

To this basic salary shall be added $35.00 for each room in the building. When a building is organized departmentally, the number of rooms under this rule shall be determined by dividing the number of pupils enrolled during the first three weeks by thirty-six.

(b) Manual training rooms (shops and kitchens) shall count as regular rooms in determining principals' salaries, provided these rooms are used 25 hours a week including parochial classes and classes for exceptional children, but not including evening classes. If any manual training room is used less than 25 hours a week, the principal shall receive such proportion of $35.00 for that room as the number of hours that room is used per week is of 25.

(c) Rule 36 (a) and (b) shall not apply to the salaries of the principals of the following schools: Central High, Union, Junior High, South High, Burton, Blodgett, Oral School for the Deaf, South Ionia, Auxiliary School for Exceptional Children, or any special school.

Rule 37.—Grade Teachers

(a) No person not now employed as a teacher in the Grand Rapids, Michigan, public schools shall hereafter be eligible to appointment as a teacher in grades one to eight inclusive unless a graduate of, first, a Michigan State Normal School, or a Normal School or equal rank with a Michigan State Normal School, on a life certificate course; second, or unless graduate of the University of Michigan, or of a college of equal rank with the University of Michigan, on a four years' course; third, or the holder of a life certificate from the State Board of Education.

No person not now employed as a kindergarten teacher shall hereafter be eligible to appointment as a kindergarten teacher unless a graduate of a twelve grade high school and of a regular kindergarten training school having a two years' course.

(b) In these grades specified in Rule 37 (a) no credit as for experience shall be given for two years of normal work. Normal school graduates on a three years' course who have received the degree B. Pd. may be credited one year as for experience after one year of successful teaching experience. The educational committee may give to graduates of a college holding an academic degree two years' credit as for experience after one year of successful teaching experience.

Rule 38.—Schedule of Grade Salaries

(b) Experience outside of Grand Rapids shall be credited as the educational committee may determine in each case.

(c) Session Room Teachers. The basic salary of session room teachers shall be determined from schedule of salaries for regular grade teachers; to the basic salary shall be added the following sums, according to the net enrollment of the first three weeks of each semester:

50	to	74	inclusive	$100.00
75	to	99	inclusive	150.00
100	to	124	inclusive	200.00
125	to	149	inclusive	250.00
150	and	over		300.00

(d) A teacher of home economics, after one year's successful experience in Grand Rapids, may be given $50.00 a year additional compensation above the salaries provided for regular grade teachers. However, the additional salary shall be given only upon the recommendation of the Superintendent of Schools each year, in each case when approved by the Board of Education.

(e) Teachers of ungraded rooms shall receive each year $50.00 more than the salaries provided for regular grade teachers.

(f) The salaries of teachers in the South Ionia School, Oral School for the Deaf, and Auxiliary classes for Exceptional Children shall be fixed by the educational committee, when approved by the Board of Education.

Rule 39.—Schedule of High School Salaries

(b) Session Room Teachers. The basic salary of session room teachers shall be determined from schedule of salaries for regular high school class room teachers; to the basic salary shall be added the following sums, according to the net enrollment for the first three weeks of each semester:

25	to	49	inclusive	$ 50.00
50	to	74	inclusive	100.00
75	to	99	inclusive	150.00
100	to	124	inclusive	200.00
125	to	149	inclusive	250.00
150	to	174	inclusive	300.00
175	and	over		350.00

Senior session room $100.00 additional to above.

(c) Departments may be created in the high schools by the Board of Education, and the heads of these departments will receive the following salaries in addition to salaries received as regular class room teachers:

First year	$100.00
Second year	200.00
Third year	300.00

Whenever a teacher who does not receive the maximum salary for the current year determined by rule is made head of a department, the salary shall be $100.00 additional each year to the amount determined by rule until the salary shall reach the maximum.

The salaries of assistants to the heads of departments shall be determined by the educational committee, when approved by the Board of Education, irrespective of this schedule.

(d) A teacher not now employed in the high schools, to be eligible to employment hereafter, must be a graduate of a four years' course from a college authorized to confer the usual degrees and must have had at least one year of successful experience in a secondary school or a school of lower grade, provided this rule shall not apply to special teachers, meaning teachers of other than academic subjects.

Experience outside of Grand Rapids may be credited as the educational committee may determine in each case.

(e) Special teachers in the high schools may be placed under the regular schedule of salaries of high school class room teachers.

(f) Teachers of Latin in the seventh and eighth grades must have the same qualifications for appointment as high school teachers and will be paid in accordance with the schedule of high school salaries.

Rule 40.—Experience

(a) Teachers entering the Grand Rapids schools after a part of the school year has passed will, if such teachers are reappointed for the following year, receive an additional year's credit for experience in the Grand Rapids schools, provided they have taught in said schools half a school year or more; but if they have taught less than half a school year, they shall receive no additional credit therefor.

(b) Whenever in the judgment of the educational committee a teacher's work does not warrant allowing credit for the preceding year's experience, it may refuse to credit such experience.

(c) Increase of salary of any teacher or other employe under yearly contract shall be given effect at no other time than the beginning of the school year, unless a change of position warrants such an increase.
